SodaStream is revolutionizing the beverage industry! Trendy sparkling water makers from noble to colorful, over 30 different drinks, which can be mixed with our syrups, need your support. SodaStream is completely unconventional - with its products and its marketing: environmentally friendly, sustainable, innovative, rebellious and with lifestyle - in every respect something special!

To strengthen our team in Limburg / Lahn, we are looking for a:

IT Project Manager (m/w)

We have to offer

SodaStream GmbH, is a medium-sized company with 200 employees, based in Frankfurt and Limburg and is part of SodaStream International, Nasdaq listed with operations worldwide. We offer an exciting and challenging opportunity in a high growth environment with excellent progression for the right candidate. It's a great working environment with a dynamic and fun loving team and the position comes with an attractive remuneration package. We like to have a good laugh and make party sometimes - good connections to the transport network and public transport round off our profile as a good employer.

Primary Duties:

- Lead and coordinate IT projects and ongoing activities. Work in parallel with Global Headquarter and EU sites.
- Analyze, design, configure, test, and implements ERP and other IT system, to meet business needs with minimal customization.
- Write Functional Design Documents; well versed, with AIM documentation templates and standards.
- Provide timely, consistent and comprehensive application support to assigned ERP business areas and other applications, including troubleshooting user issues.
- Provide training and guidance in addition to troubleshooting, as appropriate.

Your Skills

- Bachelor's degree in IT/finance/business administration
- Experience in end-to-end lifecycle of ERP Project. Hands on experience with procurement, order to cash, Inventory and finance modules.
- self-driven with strong drive and motivation. You are an innovative thinker and problem solver.
- You're an expert in communication and you also feel comfortable with training of superusers
- Experience in defining detailed functional requirements, process flow diagrams, and business cases, including performing gap analysis.
- PL/SQL hands on experience.
- Implementation experience with variety of IT applications: BI, E-Commerce, HR solutions, Knowledge management, MS Office.
- Fluent English and German
- Experience with Oracle-NetSuite will be considered as advantage

Want to be part of our revolution?

we're looking forward receiving your application - ideally via email, stating you're availability and salary expectations: bewerbung@sodastream.com
